

INTELLIGENT MEMORY

REACH* Notification

Most of our products, inclusive their accessories kits, components and packaging, we are placing in the market are “products” in the meaning of the REACH Ordinance.

In accordance with Article 3 every item is a product, which will get a specific form, surface or shape while the manufacturing and which will be defined to a greater extent in his function than his chemical composition.

Under the scope of Article 59 of the REACH Ordinance the “list of candidates” of very high concern substances (SVHC**) has last been published on the **7th of Jul, 2017**, by the European Chemicals Agency (ECHA) at

http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp.

This notification is to hereby confirm that all our electronic products do not contain the substances listed in the scope of REACH regulations in concentrations higher than 0.1 % weight by weight (w/w) in accordance with Article 33, passage 2 of the REACH Ordinance***.

In addition, Intelligent Memory Ltd. undertakes regular reviews and checks within the supply chain to ensure the necessary quality controls are in place. If necessary, we will notify our customers of any changes that may affect the safe usage of our products.

* REACH - Registration, Evaluation, Authorisation of Chemicals

** **S**ubstances of **v**ery **h**igh **c**oncern.

*** Ordinance (EG) No. 1907/2006 of the European Parliament and the council at December 18, 2006 for registration, assessment, approval and restriction of chemical substances (**REACH ordinance**)
